Dear Herb:

It was so nice to see you at Long Beach and to have the opportunity to discuss the authentication program with you.

I enjoyed your talk very much and have the problem, now, as to whether I should consent to permitting a 1943 copper cent to be exhibited at the Central States show.

I have a candidate who could be a part time authentication expert. He is Dr. Peter Gaspar, Associate Professor of Chemistry, at Washington University, in St. Louis. He lives at 43 Hillvale Drive, St. Louis, Missouri 63105. His specialty is radiochemistry and physical organic chemistry. He is a member of the American Numismatic Society and the British Numismatic Society and specializes in Victorian English coinage and medieval English coinage. He is not a member of the American Numismatic Association but of course would join. He, apparently, is not available for full time work. I chatted with him about half an hour with respect to his work and he seems to know the scientific end thoroughly.

My very kindest regards.

Sincerely,

Dear Herb:

Thank you for the telephone call and letter.

I will be in New York on June 23, 1971, working. I can take an extra day, June 22 or June 24, if convenient to you. I plan to be at the American Numismatic Society, to give a talk to the Summer Seminar, on July 16, if a further discussion is desirable then with ANS officials.

The Washington visit, I believe, is better for you to handle alone if the appointment is made.

Sincerely,

Dear Herb:

Virgil Hancock and I were together in Oklahoma City on a program. I told him I would like to make a further effort to get Phil Neisser, even if it would be a part-time position for him. Would you have any objection to my calling him up and seeing if I can awaken an interest on his behalf?

Kindest regards.

Sincerely yours,

Dear Herb:

I am enclosing my most recent published article
in case you have nothing better to do than to read it.
It may help with the fractional currency commemorative.

Kindest regards.

Sincerely yours,

Dear Herb:

It was delightful to be with you in Florida
but even more delightful to have you receive the
Ferran Zerbe Award. You sincerely deserved it.

Cordially,

Dear Herb:

I have made a photocopy and enclose herewith the data on the quarter matter. I have not as yet decided what to do with the project. Walter Breen discussed the matter with me and he said that he had much new material.

The one thing which bothers me is that Mr. Duphorne is already using Duphorne numbers in substitution for the Browning numbers. He assumes that his numbering is final. I don't know how you feel about it but I always am very cautious when I sense that people are taking an ego trip.

The project must be moved forward and I will give it some thought before I contact anyone.

Sincerely yours,

EPN/atb

20 Bays?

Dear Herb —

Thank you for the list. Naturally we will take them even though we have a couple of them already.

Did you get the first half of Leslie's for 1867 — there are some money items in it May 4 + May 25, 1867.

Now I have 3 colored engravings of Mo
in duplicate: Glarious Creek;
Limestone Bluff on Osage River;

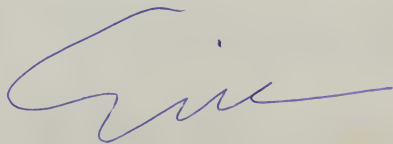

6" X 9" each

Hanging Rock on Osage River

What will you allow on these. They are attractive and you probably know them already.

Be sure on the 11/16/67 Leslies that I set page 131 with the text too.

Keep on looking. I presume you got the Leslies you were chasing

Dear Herb:

We have not corresponded in several years and I often think of you and the pleasant relationship we had. I am still hard at work and I understand you are also.

I have recently learned that Walter Breen many years ago wrote on the subject of the 1853 U. S. Assay \$20 piece and that copies of this were sent to the arbitrators in the Garland vs. Ryan matter and would like to read it if you would send it to me. I will be very appreciative of your cooperation.

My kindest personal regards to you.

Sincerely,

I have the 1st 1/2 of 1866 Leslie's + the
last 1/2 of 1867.

I do have many duplicates I'm sure of
what you wish to Trade + I am familiar with
these. I'm sorry I really can't see.

Yes the page 131 ^{1867 Leslie's} is with the Front
page print of the Nicholas Remont & Floater.

I also have a one time offer of
